

# Resources to support your daily inclusion practices.

## REFLECTION QUESTIONS

1. Whose voices are included in what I've learned? Whose voices are missing and needed before I can act?

2. Have I appropriately included Indigenous voices in the planning/early stages of our work? In the delivery of our work? In the evaluation of our work?

3. Do I have the Indigenous cultural competence needed to make the decision before me?

4. Can I communicate with Indigenous people to serve them better?
